

This map displays the proportion of wetland land cover across Michigan's counties. The map uses a color scale from light yellow (0.1) to dark brown (0.5) to represent the percentage of wetland area. The map includes a latitude and longitude grid, with latitude ranging from 42°N to 48°N and longitude from 90°W to 84°W. The legend at the bottom indicates the wetland proportion for each county, with values ranging from 0.1 to 0.5.
